

Easy Mexican Noodle

1 pound ground beef
1 onion
1 red pepper
1 garlic clove
1 26oz can mushroom soup
1 26 oz can tomato soup
1 15 oz can corn
1 16 oz package egg noodles
1 cup (or as much as you want) sharp or mild cheddar cheese

Oil your dutch oven. Brown the ground beef. Strain if necessary. Add chopped onion, chopped red pepper, chopped garlic (my boys like it when we chop things small).

Cook until your onions and pepper are getting nice and soft. Now here is the easy part: dump in both soups, corn, and stir in all noodles.

Put a lid on it with a scoop of coals cover your dutch oven. Add about 4 coals around the base.

Bake 15 to 20 minutes. Sprinkle across the top and return the lid until cheese is melted. Dig in!
